

The Real Wishes Foundation came about in 2006 as a charitable organization with the express mission of offering a hand up to members of the Cochise County Community.

We are a 501C owned by the Southeast Arizona Association of Realtors, with an all volunteer unpaid Board of Directors including Realtors and other members of the community.

We have done it all, from emergency roof repairs for a widow, a pair of steel toed boots for a homeless guy who found a job, paying off treatment bills for a cancer survivor, brakes on a single mother's car, and raising and disbursing more than \$100,000 during and after the Monument Fire. Our work extends to Bisbee, Douglas, Saint David, Benson, Hereford, Sierra Vista, and everywhere in between. Our funding sources are diverse. We hold an annual major fundraiser "Dancing Like the Stars" and partner with community minded organizations like Southwest Gas, Stan Greer Millworks, Cochise County Sheriff's Office, and dozens of private individuals who support our community efforts.

We are always looking for and welcome additional partners and funding sources to allow us to continue giving our community a hand up. Any amount is welcome, and ideas for fundraising are greatly appreciated.

Your donation could bring someone over that hump between going under or thriving, and it could be of tax benefit to you. 2016 Donations to 501C3 regulations have changed. You as a single filer may now contribute up to \$400 and as a married filing jointly you may contribute up to \$800. These contributions may now be made up to April 15th, 2017 for the 2016 tax filing season.

Please contact us at 520-249-4182 (Linda's Cell) and we will come to you. Or you may drop off your contributions at the Arizona Association of Realtors office. Either way we will be happy to send you a tax credit letter for your contribution.

Sincerely and many thanks,

Linda Broughton
President,
Real Wishes Foundation
